FINANCIAL POLICY & NON-COVERED SERVICES

1. Payments for all professional services are due at the time services are rendered. This is inclusive of any co-pays, co-insurance, deductible, contact lens evaluation fees, and non-covered charges.
2. We accept most vision insurance policies. Patients with vision insurance must take care of their estimated portion not covered by the insurance at the time of treatment. If payment has not been received from the insurance company within sixty days of the original filing, the patient will be asked to pay the balance due and pursue reimbursement from their carrier.
3. The FDA (Food & Drug Administration) considers contact lenses to be medical devices; consequently, they are regulated by prescription laws similar to that of prescription medications. Accordingly, Professional Standards of Care dictates that all patients who wear contact lenses should have a comprehensive eye examination **and** a corneal/contact lens evaluation at least once yearly. Contact lens services are separate and distinct from a general, comprehensive examination which yields a spectacle prescription. The contact lens evaluation **must** be performed **in addition** to your exam, regardless of whether or not you have a change in your contact lens prescription. **The fee for the corneal/contact lens evaluation must be paid at the time of service and is not filed to your vision insurance.** This service includes two contact lens follow-up visits within 90 days of the date of your eye exam. After the 90 days, additional fees are applicable. You are entitled to a copy of your contact lens prescription but we will not write a prescription or dispense contacts without a yearly comprehensive contact lens examination. Your contact lens prescription will expire one year from the exam date. **Contact lens trials are dispensed at your yearly comprehensive eye exam only.** We recommend that you re-order your contact lenses before your supply runs out, or schedule your yearly eye exam so that you are not without contact lenses.

If a supply of contact lenses is ordered at the patient's request, the patient has 60 days from the date ordered to return for credit. If the patient does not pick up the supply, or changes his/her mind about purchasing the contacts from The Optical Shoppe, a \$4 re-stocking fee will be owed by the patient. Once contact lens boxes are opened, they are deemed non-returnable since contacts are considered by the FDA to be a medical device.

4. We accept cash, checks, or credit cards. A service charge of \$40.00 will be accessed on all returned checks. If returned checks are not paid along with the \$40.00 service charge within 15 days of the patient being notified, the returned check will be turned over to the Rankin County District Attorney Bad Check Unit for collection.
5. **The office requires the patient to give at least a 24 hour notice of any appointment that needs to be rescheduled or cancelled. We will not allow you to reschedule an additional appointment if your first appointment was broken without proper notification. If you do not show up for any appointment, we reserve the right not to reschedule. M H Allen LLC dba The Optical Shoppe will assess a \$65.00 fee for any missed appointment.**
6. The office will assess account balances in excess of 90 days and a monthly service charge of one and a half percent (1.5% per month) of the unpaid balance. In the case of an account balance in excess of 90 days, we reserve the right to turn you over to collections. If this situation occurs, you are responsible for paying the unpaid balance plus any collection fees and expenses that are incurred. It is the responsibility of the patient/guarantor to update address and phone number changes in order to stay in direct communication regarding account balances.
